# Cape Month Ahead

Cape February 2026 - surge to new highs continues

## Analysis

Cape Feb 26 has soared since its break from base formed from December to early this month. The break point and support is at \$17,225. Prices are at new contract highs. There was a small pause at \$20,000 which should provide support if there is a pullback.

The Bollinger Bands are very bullish. The MACD is also strong. The RSI show growing positive momentum. The OBV shows continued accumulation.

## Conclusion:

Cape Feb 26 broke up strongly from its wide range. Momentum is still high and the advance should extend in the short term although prices are becoming extended.

# Cape Cal 27

Cape Cal 27 – the surge continues to new contract highs

## Analysis

Support in Cape Cal 27 has continued its jump. It has held its long-term line and surged to new highs.

The Bollinger Bands are very bullish. The MACD is strong. The RSI shows upside momentum and the OBV shows accumulation.

## Conclusion:

Cape Cal 27 has burst higher to extend its uptrend that started in June. \$23,000 is now strong support. Momentum remains strong. The advance should extend in the short term although prices are becoming extended.
